Output

The screenshot shows an Android application interface with a blue header bar containing the text "sqlitedbex". Below the header, there are four text input fields labeled "Name", "Surname", "Marks", and "id". Each field has a horizontal line indicating where to enter text. Below the input fields, there are four gray buttons with black text: "ADD DATA", "VIEW ALL", "UPDATE", and "DELETE". The status bar at the top of the screen shows signal strength, Wi-Fi, battery level, and the time "1:48 PM".
